Take a Last Glimpse at a Nightmare Year for the World Economy

By [Zoe Schneeweiss](#) and [Craig Stirling](#)

December 30, 2020, 6:00 PM CST

...

What began as a year clouded by the milder threats of a fractious U.S. presidential election, ongoing trade tensions with China, and a hard deadline for U.K. relations with the European Union soon became an existential ordeal to salvage any economic growth at all amid unprecedented lockdowns.
